Experience

INTERN SOFTWARE DEVELOPMENT / VRK   2023-2023

My internship consisted of working in a small flexible team to put together a VR training software solution for the first recon of the fire department to try and measure up to existing solutions.

JUNIOR FRONT END DEVELOPER / MAILCOMPANY   2022-2022

My daily tasks consisted of constructing and reworking templates and getting mails to customers from SQL databases

SALES ASSOCIATE / OPTIE1   2024-2025

Working on the sales floor and managing customer retention with a company CSM. Managing assortment and social media.

Education

SOFTWARE DEVELOPMENT MBO 4 / NOVA COLLEGE   2021-2023

Next to finishing in 2 years instead of 3 I also got the chance to work on a project for Universiteit Leiden dubbed globalprivateering.org

HAVO / KENNEMER COLLEGE   2015-2020

Completed with a combined package of N&T and N&G focusing on exact sciences.
